Thank you for your interest in Neighbors Portal by Ring. I tried calling you but learnt from Cindy that you had left for the day. We would love to share information on the program through a live webinar, as per your convenience and availability. Please have a look at the link below and book a time that works for you.

Chief Burica,

Thank you for arranging our meeting today to learn about Ring's approach to reducing crime in communities.

An overview of our program:

Our platform combines the deterrent value of a visible security system (devices) with the power of an actively engaged community (via a free app) to reduce criminal activity and to help solve open investigations.

Neighbors Portal is Law Enforcement's access to our platform. Portal highlights include:

1. **No Cost** - Neighbors Portal is free to Law Enforcement.
2. **Community Engagement** - Law Enforcement's ability to join the conversation on the Neighbors app (about posted video or in response to posted comments).
3. **Alerts** - You may post alerts which are highly relevant (proximity) to the recipient.
4. **Video Request** - You may request videos from Ring device owners who may have captured footage, that may be of relevance to active investigations.

As the attached MOU is reviewed, please feel free to contact me at any time. My cell number is [REDACTED]. As part of our security protocol, I have mailed a postcard to you with a code. Once you receive it, please enter the code at the end of the MOU document, along with the signature, prior to sharing it with me via email.

In the case where the MOU may need to go before City Council, we want to be sure to provide the proper support in advance. Please let me know if this is the case and I will loop in our PR/Media team for support.

Could you please help me identify the personnel in the highlighted roles? Once we receive the signed copy of the MOU and the information below, we will be ready to move forward in the process.

Chief Burica,

Please find the fully signed MOU agreement, attached. Thank you for working with me through this process. Please allow me to introduce you to your Partner Success Associate - Anthony Modestine.

Anthony brings extensive experience in the business and is well positioned to successfully onboard and work with you and Frankfort Police Department. The next step to commence Portal onboarding will be to set up a 1-hour webinar with you, key stakeholders and Anthony. As the onboarding is of a 'train-the-trainer' style, we only require the following personnel to join:

- **Partnership Coordinator** - main champion for the Ring partnership.
  - Name - Chief John Burica
  - Email - [jburica@frankfortpolice.net](mailto:jburica@frankfortpolice.net)
- **Press/Media Coordinator** - typically the PIO who will coordinate the initial partnership announcement and ongoing PR.
  - Name - Chief John Burica
  - Email - [jburica@frankfortpolice.net](mailto:jburica@frankfortpolice.net)
- **Community Relations Coordinator** - the person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc..
  - Name - Officer Chad Riff
  - Email - [criff@frankfortpolice.net](mailto:criff@frankfortpolice.net)
- **Investigative Coordinator** - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of videos.
  - Name - Sergeant Leanne Bender
  - Email - [lbender@frankfortpolice.net](mailto:lbender@frankfortpolice.net)
- **Social Media Coordinator** - your resident expert who is responsible for posting to social media.
  - Name - Deputy Chief Kevin Keegan
  - Email - [kkeegan@frankfortpolice.net](mailto:kkeegan@frankfortpolice.net)

Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership. Please ensure you have access to a computer in order for us to screen-share the Portal with you. Anthony, could you please coordinate with Chief Burica to identify a day and time that works for all of your schedules?

Thank you, to you all, for your time.

Sincerely,

**Rohit D. Murti**

Chief Burica,

Please find the fully signed MOU agreement, attached. Thank you for working with me through this process. Please allow me to introduce you to your Partner Success Associate - Anthony Modestine.

Anthony brings extensive experience in the business and is well positioned to successfully onboard and work with you and Frankfort Police Department. The next step to commence Portal onboarding will be to set up a 1-hour webinar with you, key stakeholders and Anthony. As the onboarding is of a 'train-the-trainer' style, we only require the following personnel to join:

- **Partnership Coordinator** - main champion for the Ring partnership.
  - Name - Chief John Burica
  - Email - [jburica@frankfortpolice.net](mailto:jburica@frankfortpolice.net)
- **Press/Media Coordinator** - typically the PIO who will coordinate the initial partnership announcement and ongoing PR.
  - Name - Chief John Burica
  - Email - [jburica@frankfortpolice.net](mailto:jburica@frankfortpolice.net)
- **Community Relations Coordinator** - the person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc..
  - Name - Officer Chad Riff
  - Email - [criff@frankfortpolice.net](mailto:criff@frankfortpolice.net)
- **Investigative Coordinator** - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of videos.
  - Name - Sergeant Leanne Bender
  - Email - [lbender@frankfortpolice.net](mailto:lbender@frankfortpolice.net)
- **Social Media Coordinator** - your resident expert who is responsible for posting to social media.
  - Name - Deputy Chief Kevin Keegan
  - Email - [kkeegan@frankfortpolice.net](mailto:kkeegan@frankfortpolice.net)

Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership. Please ensure you have access to a computer in order for us to screen-share the Portal with you. Anthony, could you please coordinate with Chief Burica to identify a day and time that works for all of your schedules?

Thank you, to you all, for your time.

Sincerely,

Rohit D. Murti

Anthony I did want to make one comment on the Neighbors app. I know you said that posts/videos are monitored by Ring to make sure they are relevant and from people in the area, however are the comments? It seems that many use the anonymity to post comments that are not safety oriented. Although we like this new service that allows us to provide crime information to our community it also seems to serve as a way for people to hide as a "neighbor" and post nonsensical replies (which we get enough of on Facebook and don't need to add to them)! I do think the idea of giving a place for people to share info is good and being anonymous can have benefits when the comments are productive, these other comments may lead to us using this less. Just wanted to share.

Anthony I did want to make one comment on the Neighbors app. I know you said that posts/videos are monitored by Ring to make sure they are relevant and from people in the area, however are the comments? It seems that many use the anonymity to post comments that are not safety oriented. Although we like this new service that allows us to provide crime information to our community it also seems to serve as a way for people to hide as a "neighbor" and post nonsensical replies (which we get enough of on Facebook and don't need to add to them)! I do think the idea of giving a place for people to share info is good and being anonymous can have benefits when the comments are productive, these other comments may lead to us using this less. What stops them from getting into your house is locking the doors. And car thieves don't typically kidnap children. Kind of jumped the shark there... "

## Car Gone Through

July 3, 2019

This happened 2 nights ago but couldn't get app to verify me. Went out to my car yesterday afternoon to find my entire center console emptied and dumped onto my passenger seat. Back driver-side door was also not closed all the way. I had brought in groceries evening before and forgot to lock doors. Luckily nothing of value in the car was there to be taken and garage door openers are currently in the house. Called and filed a report. Just wanted to let everyone know so you remember to lock your car doors at night.

Hey Officer Riff,

I see that you have an event coming up next week! This would be a great opportunity to share this through the Portal and see if can bring more people out!

Also, I appreciate the positive feedback you left on your feedback survey the other week. Do you think we could catch up next week to talk about your community and PD relationship?

Dear FOIA Officer:

Pursuant to the Illinois Freedom of Information Act, 5 ILCS 140, I request copies of the following records:

- All documents (including but not limited to emails, memoranda, contracts, or agreements) related to the Village's contract with Amazon Ring
- All emails (including any and all attachments) sent to/received from email addresses associated with the [ring.com](http://ring.com) domain from January 1, 2019 to present
- Any documents (including, but not limited to, emails, memos, guidances, or guidelines) containing any policies or procedures (including, but not limited to, procedures for obtaining video and policies regarding posting on the Neighbors app) regarding either the Neighbors app or RING cameras
- Documents (including, but not limited to, emails or memos) sufficient to show the Partnership Point of Contact, Press/Media Coordinator, Social Media Coordinator, Investigative Coordinator, and Community Relations Coordinator with regards to the RING agreement

The requested documents will be made available to the general public, and not for commercial purposes, in order to shed some light on these contracts with the Village (see, e.g., my blog post at <https://sgandlur.com/ring-map>, for more context on investigations into Amazon Ring).

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Sincerely,  
Shreyas Gandlur

Hello Detective Reilly,

Not sure if this will be helpful or not, but figured I would let the FPD know in case there was some sort of tracking being done.

My address is [REDACTED] Linden Rd, near LWE.

The video was captured with the Ring 2 Doorbell, but it was at night, so the quality is not the best. I can't make out the face or getaway car. Seems like an opportunity crime, the get away car didn't even have their headlights turned off. I will notify my neighbors of the attempt this evening and see if they have any cameras that would better capture any evidence.

through this process. Please allow me to introduce you to your Partner Success Associate - Anthony Modestine.

Anthony brings extensive experience in the business and is well positioned to successfully onboard and work with you and Frankfort Police Department. The next step to commence Portal onboarding will be to set up a 1-hour webinar with you, key stakeholders and Anthony. As the onboarding is of a 'train-the-trainer' style, we only require the following personnel to join:

- **Partnership Coordinator** - main champion for the Ring partnership.
  - Name - Chief John Burica
  - Email - [jburica@frankfortpolice.net](mailto:jburica@frankfortpolice.net)
- **Press/Media Coordinator** - typically the PIO who will coordinate the initial partnership announcement and ongoing PR.
  - Name - Chief John Burica
  - Email - [jburica@frankfortpolice.net](mailto:jburica@frankfortpolice.net)
- **Community Relations Coordinator** - the person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc..
  - Name - Officer Chad Riff
  - Email - [criff@frankfortpolice.net](mailto:criff@frankfortpolice.net)
- **Investigative Coordinator** - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of videos.
  - Name - Sergeant Leanne Bender
  - Email - [lbender@frankfortpolice.net](mailto:lbender@frankfortpolice.net)
- **Social Media Coordinator** - your resident expert who is responsible for posting to social media.
  - Name - Deputy Chief Kevin Keegan
  - Email - [kkeegan@frankfortpolice.net](mailto:kkeegan@frankfortpolice.net)

Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership. Please ensure you have access to a computer in order for us to screen-share the Portal with you. Anthony, could you please coordinate with Chief Burica to identify a day and time that works for all of your schedules?

Thank you, to you all, for your time.

John,

I did speak to an officer yesterday after the farmers market and showed him the video. He didn't think that it was serious because of the comments they made. However a new couple who is moving next store at [REDACTED] Kaffel were quite concerned and alarmed that they are now going to upgrade their security system.

We've only been here since May and there are many nosey neighbors coming up and peeking at the door.

Thanks for your response.

Thank you for forwarding. I will send this to our investigators/directed patrol to see if they can develop any additional information . It appears from the initial viewing that they may be residents of the Kaffel Ct. complex next to you building and may have been on there way back from a downtown Frankfort establishment. Feel free to reach out to Frankfort PD if you want to speak directly with an officer.

We recently purchased the middle unit of Ganders Townhomes by the Grainery. We were alarmed to see this on our Ring doorbell and phone.

We sent this video to [REDACTED] our builder. He recommended that we forward it to the Frankfort Police Dept.

No problem. I will still have an investigator look into it and see if we can identify the subjects in the video to truly understand their intentions. I believe they were likely admiring the homes, however it is still a bit unsettling for the homeowners to see that at their door. If we can help you or your neighbor with security set ups let us know. We do not recommend brand names but we can suggest technology and placement of cameras. The downtown area is a very safe area but like anywhere there can be random incidents that occur.

As you know we recently began using the Ring public safety portal for owners of the Ring Doorbell and Neighbors app to voluntarily assist with crime detection. Today we received a FOIA regarding a request for all contracts, information and email communications with regard this agreement. We are in the process of giving them that (not very much) but just wanted you to be aware. It appears it is being done by a U of I student for some type of research of government and use of this type of video. This FOIA has been going around the state and county, just wanted you to be aware not sure if it's just for research or something else.

Any questions let me know.

## New Traffic Law and Back to School Safety Reminders

As of July 1<sup>st</sup> of this year the law prohibiting the use of electronic devices while driving became a moving violation. Under the previous law, the offense only constituted a moving violation after a 2<sup>nd</sup> or subsequent offense. Distracted driving can easily be avoided in the interest of public safety. The Frankfort Police Department participates in the annual Illinois Distracted Driving Awareness week to provide education and enforce Distracted Driving laws.

We would like to remind driver's that use of your electronic device while driving is illegal. As the new school year begins, we have a great opportunity to remind parents and all motorists of this law. We ask that parents dropping off or picking up their child would be especially cautious in school zones and while on school property. Please drive the posted speed limit, watch for children in the area, and do not allow yourself to be distracted by anything, especially electronics.

Motorists should be aware of laws regarding the passing of school buses. When a school bus is traveling on a two-lane roadway and is stopped to pick up or drop off students, the vehicles in all lanes of traffic must stop. When the school bus is traveling on a four-lane roadway with at least two lanes of traffic traveling the opposite direction, only those lanes of traffic traveling in the same direction as the school bus must stop. A conviction for passing a stopped school bus with flashing lights and the stop arm extended will result in the suspension of an individual's driver's license. For additional information on traffic laws contact us at [traffic@frankfortpolice.net](mailto:traffic@frankfortpolice.net).

## Directed Patrol

The Frankfort Police Department has created a new position titled Directed Patrol. This position was envisioned by Police Chief John Burica to help deter crime and apprehend offenders. Officer Ken Monreal was selected to be the first officer assigned to this role. Officer Monreal was chosen because of his wide range of experience which includes: former gang suppression unit member, field training officer, firearms instructor, traffic enforcement, evidence technician, and bicycle patrol officer.

Officer Monreal will address current crime trends and traffic concerns throughout the community. Unlike patrol officers, he will not respond to regular calls for service, but instead will focus on directed tasks. For example, Officer Monreal has been working various overnight shifts in response to the burglary to motor vehicle incidents. With the assistance of FPD investigators and patrol officers, Officer Monreal has deployed different tactics in an attempt to apprehend and deter the crews of offenders plaguing the Chicagoland Suburbs. He will also assist with some community events, training, and investigative tasks in this position.

## Frankfort Police Department Joins Neighbors by Ring and Encourages Cameras in the Community

The Frankfort Police Department is now utilizing the Neighbors Watch Application to communicate and distribute information throughout the community. Neighbors is a free application anyone can download. It is not necessary to have a Ring device to participate. This is another important tool to help our agency receive information from community members. One of the features allows those with video or camera systems to share video recordings with our agency in the event of an incident or suspicious circumstance. Video sharing and providing information is at the participant's discretion.

Neighbors by Ring

The Frankfort Police Department encourages businesses and residents to have camera systems to help identify suspicious circumstances and to assist in investigations. Although we cannot recommend any brand of equipment, we are happy to come out when requested and offer suggestions on camera specification and placement at no cost. ## A Familiar Face Returns to the Frankfort Police Department

Officer Ahmad Allan began his career as a Frankfort Police Cadet in 2014. During his time in the cadet post he had the opportunity to attend the many community events unique to Frankfort. He listed the Country Market, the Night Out Against Crime, and the Bluegrass Festival as some of his favorites. In 2015 Allan was then hired as a Community Service Officer with the Frankfort Police Department. He assisted officers with traffic accidents, animal and parking complaints, and other service-related calls. Allan stated that although he loved Frankfort, his goal was to become a police officer. He left Frankfort when he was hired as a police officer by South Holland Police Department in 2017. He was thrilled that he obtained his lifelong dream of becoming a police officer, yet he felt unfulfilled and missed the Frankfort community. He realized that Frankfort is where he felt at home. He continued to pursue a position within the Frankfort Police Department, and in December of 2018 his dream had come true. He was hired as a full-time officer in Frankfort. Officer Allan advised he is proud to be the first Frankfort Officer of middle eastern decent. Officer Allan related, "I learned if you have the courage to pursue your dreams and remain persistent, they could all come true. I couldn't be happier coming back to Frankfort and I look forward to finishing my career as a member of the Frankfort Police Department".
